

CHAPTER 73  
SPECIAL SUPPLEMENTAL NUTRITION PROGRAM  
FOR WOMEN, INFANTS, AND CHILDREN (WIC)  
[Prior to 7/29/87, Health Department[470] Ch 73]

**641—73.1(135) Program explanation.** The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) is a federal program operated pursuant to agreement with the states. The purpose of the program is to provide supplemental foods and nutrition education to eligible pregnant, postpartum, and breastfeeding women, infants, and young children from families with inadequate incomes. The WIC program is administered on the federal level by the U.S. Department of Agriculture, Food and Nutrition Service (FNS). The Iowa department of public health serves as the administering agency for the state of Iowa. The Iowa department of public health enters into contracts with selected local agencies on an annual basis for the provision of WIC services to eligible participants.

**641—73.2(135) Adoption by reference.** Federal regulations found at 7 CFR Part 246 (effective as of February 13, 1985, as amended through September 27, 2006, and any additional amendments) shall be the authority for rules governing the Iowa WIC program and are incorporated by reference herein. The WIC state plan provides policy and procedural guidance in the implementation of these regulations to contract agencies administering WIC programs. The WIC state plan as approved by the United States Department of Agriculture is incorporated herein by reference.

**641—73.3(135) Availability of rules.** Copies of the federal rules and the WIC state plan adopted by reference in 73.2(135) are available from: Chief, Bureau of Nutrition and Health Promotion, Iowa Department of Public Health, Lucas State Office Building, 321 East 12th Street, Des Moines, Iowa 50319-0075, (515)281-4919.

**641—73.4(135) Certain rules exempted from public participation.** The Iowa department of public health finds that certain rules should be exempted from notice and public participation as being in a very narrowly tailored category of rules for which notice and public participation are unnecessary as provided in Iowa Code section 17A.4(2). Such rules shall be those that are mandated by federal law and regulation governing the Iowa WIC program where the department has no option but to adopt such rules as specified and where federal funding for the WIC program is contingent upon the adoption of the rules.

**73.6(2)** The competent professional authority shall conduct either the diet history or the health history part of the certification process and shall sign the certification form attesting to the applicant’s eligibility for services after the certification process is completed.

**73.6(3)** Contract agencies shall maintain on file documentation of qualifications for any individual employed or under contract as a CPA.

**73.6(4)** All contract agencies shall employ at least one licensed dietitian to provide services for participants determined to be at high risk. Nutrition educators employed by a contract agency shall be supervised by a licensed dietitian.

**73.6(5)** Rescinded IAB 10/9/96, effective 11/13/96.

**73.6(6)** Contract agencies shall submit the license number of each dietitian hired within 30 days of employment.

**73.6(7)** Proposed staffing patterns within contract agencies shall be subject to approval from the department following review in accord with established statewide WIC staff patterns.

**641—73.7(135) Certification of participants.** The certification process to determine eligibility for WIC services, as defined in 7 CFR 246.7, shall include the following procedures and definitions:

**73.7(1) Application.** Information on identity, address, family incomes, and nutrition risk must be collected in accordance with the Iowa WIC Policy and Procedure Manual.

**73.7(2) Income.**

*a.* The income guidelines used shall be the same as the National School Lunch Program guidelines for reduced price school lunches, which are equal to 185 percent of the current federal poverty guidelines. Definitions of income are mandated by federal regulation and are described in the WIC state plan. Revised dollar figures for the 185 percent poverty level are published annually in the Federal Register and become effective for WIC no later than July 1 following their publication. Copies of the income definitions and monetary guidelines are available from the department.

*b.* Applicants must provide the contract agency written proof of their income as part of each certification process, pursuant to the Iowa WIC Policy and Procedure Manual.

**73.7(3) Time frame for services.**

*a.* The date of initial visit shall be the day on which an applicant first requests services from a contract agency. A visit to another program office to complete a common application form does not constitute an initial visit.

*b.* Pregnant women shall be certified for the duration of their pregnancy and for up to six weeks postpartum. Pregnant women precertified with referral data require a full certification within 30 days.

*c.* Rescinded IAB 5/30/01, effective 7/4/01.

*d.* Priority II infants pre-certified with referral data require a full certification within six weeks of the infant's birth.

**73.7(4) Medical equipment.**

*a.* Medical equipment used in conducting WIC clinics shall be subject to approval by the department.

*b.* Standards for conducting the medical and nutritional assessments on program applicants shall be as described in the Iowa WIC Policy and Procedure Manual.

*c.* Medical equipment shall be recalibrated in accord with procedures outlined in the Iowa WIC Policy and Procedure Manual.

**73.7(5) Documentation of health and nutrition information.** Documentation of health and nutrition information in individual participant records shall be as described in the Iowa WIC Policy and Procedure Manual.

**73.7(6) Documentation of nonmedical information.** Documentation of nonmedical information in individual participant and collective program records shall be as described in the Iowa WIC Policy and Procedure Manual.

**73.7(7) Transfer of participant information.** Requirements for use and disclosure of confidential applicant and participant information for non-WIC purposes were revised in the Federal Register September 27, 2006, Department of Agriculture, Food and Nutrition Service, 7 CFR Part 246, Miscellaneous Provisions; Final Rule 246.25(a)(4).

*a. Designation by chief state health officer.* The chief state health officer must designate in writing the permitted non-WIC uses of the information and the names of the organizations to which such information may be disclosed.

*b. Notice to applicants and participants.* The applicant or participant will be notified at the time of application (in accordance with 7 CFR 246.7(i)(11)) or through a subsequent notice that the chief state health officer may authorize the use and disclosure of information about an applicant's or participant's participation in the WIC program for non-WIC purposes. This statement will also indicate that such information will be used by state and local WIC agencies and public organizations only in the administration of programs that serve persons eligible for the WIC program.

*c. Written agreement and WIC state plan.* The state or local agency disclosing the information will enter into a written agreement with the other public organization or, in the case of a non-WIC use by a state or local WIC agency, the unit of the state or local agency that will be using the information. The state agency will also include in its state plan, as specified in 7 CFR 246.4(a)(24), a list of all organizations (including units of the state agency or local agencies) with which the state agency or its local agencies have executed or intend to execute a written agreement. The written agreement must:

(1) Specify that the receiving organization may use the confidential applicant and participant information only for:

1. Establishing the eligibility of WIC applicants or participants for the programs that the organization administers;
2. Conducting outreach to WIC applicants and participants for such programs;
3. Enhancing the health, education, or well-being of WIC applicants or participants who are currently enrolled in such programs, including the reporting of known or suspected child abuse or neglect that is not otherwise required by state law;
4. Streamlining administrative procedures in order to minimize burdens on staff, applicants, or participants in either the receiving program or the WIC program; or
5. Assessing and evaluating the responsiveness of a state's health system to participants' health care needs and health care outcomes; and

(2) Contain the receiving organization's assurance that it will not use the information for any other purpose or disclose the information to a third party.

**641—73.8(135) Food delivery.** Food delivery refers to all aspects of the method by which WIC participants receive food benefits, i.e., printing, distribution, and processing of computerized personal food instruments redeemable through retail food markets and the statewide banking system. Food delivery shall be uniform throughout the state as provided for by these rules.

**73.8(1) Responsibilities of WIC participants.**

*a. Prompt redemption of food instruments.* A WIC participant must redeem WIC benefits within the validated date of use.

*b. Claiming food instruments.* Enrolled participants are required to appear in person to claim food instruments when they have appointments to certify or have nutrition education contacts. Missed attendance may entitle contract agencies to deny that month's benefit. If a written statement is provided to the contract agency, a proxy may pick up food instruments.

*c. Adherence to standards for use of the food instrument.* The WIC participant in using the WIC food instrument to obtain the specified foods shall:

- (1) Sign the WIC identification card at the time of receipt in the clinic.
- (2) Present the WIC identification card to the vendor at point of purchase.
- (3) Sign each food instrument in the appropriate box in the presence of the vendor.
- (4) Write in the total amount of the purchase in the designated space.
- (5) Not accept money in exchange for unused food instruments or portions of the food allotment.
- (6) Attempt to redeem food instruments only with a WIC-contracted vendor.

**73.8(2) Responsibilities of contract agencies.**

*a. Loss or theft of food instruments.* The contract agency is responsible for any financial loss due to theft or other loss of food instruments from clinics. Steps for minimizing the chances of theft or loss are followed in accord with the Iowa WIC Policy and Procedure Manual.

*b. Mailing of WIC food instruments.* Mailing of food instruments to participants is allowed when inclement weather prevents participants from coming to a distribution site. Any mailing of WIC food instruments on a clinicwide basis must have prior approval from the state.

*c. Use of manual food instruments.* Rescinded IAB 1/30/08, effective 3/5/08.

*d. Training/monitoring of WIC vendors.* The contract agency shall communicate information regarding the Iowa WIC program to vendors, as instructed by the department. Monitoring and training of vendors and securement of contracts shall be carried out in accordance with department directives outlined in the Iowa WIC Policy and Procedure Manual.

*e. Food instrument distribution on nonclinic days.* It is the policy of the Iowa WIC program to ensure maximum accessibility to program benefits by establishing alternate procedures for distributing WIC food instruments to participants on days other than regularly scheduled clinic days when the participant notified the contract agency on or before the clinic day of the participant's inability to appear at the clinic. Each contract agency shall establish written guidelines for assessing the adequacy of reasons presented for inability to appear and shall establish written procedures for alternative means of food instrument distribution when a participant timely presents adequate reasons for inability to appear on a regularly scheduled clinic day. These written guidelines and procedures shall be subject to review and approval by the department.

**73.8(3) Responsibilities of department.** Provision of foods through retail grocers and special purpose vendors is an integral part of the WIC program's function. It is the responsibility of the department to ensure that there are a sufficient number of stores authorized to provide reasonable access for program participants. The department also has an obligation to ensure that both food and administrative funds are expended in the most efficient manner possible. As with all other purchases made by state government, this means that the number of vendors (retail grocers and special purpose vendors) may be limited and that all vendors must meet minimum criteria for approval. A retailer that intends to derive more than 50 percent of annual revenue of the sale of food items from the redemption of WIC food instruments will not be allowed. The department shall be responsible for the following:

*a.* Approving or denying vendor applications. The department shall determine if applications meet the mandatory specifications in 73.8(4) and meet the minimum review points in 73.8(4) for a subsequent agreement.

*b.* Compiling the statewide or local area composite data against which vendor applications are reviewed, determining if applications meet the selection criteria which require use of that data, providing training, and signing the initial authorization agreement if a vendor is determined to be eligible.

*c.* Developing procedures, forms, and standards for agencies to use in conducting on-site review of vendor applications, monitoring, compliance buys, educational buy monitoring, or compliance investigations as defined in 73.8(5).

*d.* Determining when compliance investigation activities are necessary to verify program violations, developing or approving standards and procedures to be used in conducting the activities, and arranging for an appropriate state or private agency to conduct the compliance buying investigation as required.

*e.* Providing written notice to vendors of program violations and sanctions.

**73.8(4) Responsibilities of WIC vendors.** A potential vendor shall make application to the Iowa department of public health WIC program and shall accept the obligations imposed by the signing of a WIC vendor agreement prior to acceptance of any WIC food instrument. The two categories for which any potential vendor may apply are grocery vendors and special purpose vendors. A retailer that intends to derive more than 50 percent of annual revenue of the sale of food items from the redemption of WIC food instruments will not be approved.

*a. Grocery vendor agreement.* To qualify for a grocery vendor agreement with the Iowa WIC program, a retail outlet shall meet all of the following criteria:

(1) The vendor must stock all of the following categories of items to be defined as a grocery vendor: a minimum of 5 linear feet of raw fruits and vegetables; a minimum of 12 linear feet of unbreaded fresh or frozen meats and poultry (prepackaged luncheon meats do not qualify); canned and frozen vegetables; dairy products; and cereals.

(2) No more than 20 percent of the vendor's gross retail sales may be from the sale of gasoline or other automotive supplies.

(3) No more than 20 percent of the vendor's gross retail sales may be from the sale of alcoholic beverages and tobacco products.

(4) The vendor must maintain regular business hours. This shall include a minimum of two 4-hour blocks of time on each of five days per week. Daily operating hours shall be consistent from week to week, and shall be posted.

(5) The vendor must stock the minimum variety and quantity of WIC-approved foods as defined in the latest revised version of the Iowa WIC vendor application.

The specific brands of products that are included on the WIC-approved food list shall be made available to the vendor at the time of application and prior to renewal of each agreement.

The variety and quantity in stock are defined as including both inventory on display and in on-premises storage, but not inventory on order from suppliers.

(6) A vendor shall charge a price to WIC participants that is equal to or less than the price charged to all other customers. The prices charged to WIC participants for the average of all WIC items, as reported on the application, at the time of the on-site review, and throughout the agreement period, shall not exceed 105 percent of the average prices of all other WIC vendors in the same peer group. The vendor's average price for any category of WIC items, as reported on the application, at the time of the on-site review, and throughout the agreement period, shall not exceed 115 percent of the average price charged for the same category by all other WIC vendors in the same peer group. Categories refer to the broad groupings of items rather than specific brands. For purposes of making the price comparisons, the average price for all other WIC vendors in the peer group shall be computed from the most recent Price Assessment Reports on file from those vendors. If a vendor intends to comply with this provision by charging WIC participants a lower price than the price charged to other customers, the WIC price for each approved item must be identified on the package or shelf front.

(7) There must be a minimum of five current WIC participants residing in the same ZIP code area as the vendor.

(8) The vendor must not have had a food stamp program disqualification or civil monetary penalty imposed within the 12 months preceding the date of the application or reauthorization.

(9) The vendor must not have had a WIC program suspension imposed or a WIC application denied within the six-month period preceding the date of the application.

(10) The vendor must not have had a conviction or civil judgment for any activity that indicates a lack of business integrity against any of the officers or owners during the previous six years.

(11) The vendor must accept training on WIC program regulations prior to signing an agreement and must agree to provide training to all employees who will handle WIC food instruments prior to accepting any food instruments.

(12) The vendor must agree to adhere to all provisions of the WIC Vendor Instructions and Agreement Booklet.

*b. Special purpose vendor.* To qualify as a special purpose vendor, a retail outlet shall meet all of the following criteria:

(1) The vendor may be primarily a retailer of any type of merchandise but shall be authorized to provide only specified infant formula in exchange for WIC food instruments.

(2) The vendor must be able to provide the specified formula within 48 hours; 72 hours if a weekend or holiday is involved.

(3) The prices charged WIC participants must be equal to or less than the prices charged all other customers. The average price of each brand of infant formula sold to WIC participants as reported must not exceed the average price of the same brands of infant formula charged by all authorized WIC grocery vendors in the same peer group.

(4) The vendor shall meet the criteria in paragraph "a," subparagraphs (2) to (4) and (6) to (12), for grocery vendors.

(5) The vendor must agree to adhere to applicable provisions of the WIC Vendor Instructions and Agreement Booklet.

(6) Vendors that derive more than 50 percent of annual revenue of the sale of food items from the redemption of WIC food instruments are not allowed.

The department shall review each vendor application within five working days of receipt and determine if the information provided indicates that the retail outlet meets the selection criteria. If the application shows that the vendor does not meet one or more of the criteria, the department shall deny the application. If the vendor's application indicates that the vendor would qualify, the department or contract agency shall make an on-site visit to verify that the information provided in the application

is correct, to provide training, and sign the agreement. If the department or contract agency finds that the vendor has two or more types of out-of-date, stale, or moldy WIC foods in stock during the on-site visit, the vendor's application may be denied. If the contract agency or department determines during the on-site visit that the vendor does not qualify, the contract agency or department shall not sign the agreement. Within five working days of disapproving an application or agreement, the department will advise the vendor in writing of the reasons for denial of the application and the procedure for appeal. During the on-site visit, the contract agency representative is acting as an agent of the department and has the authority to approve or deny an application.

A vendor that is denied an agreement, either at the application review level or at the on-site review, is required to wait six months prior to submitting a new application. The department may, at its discretion, request a vendor to resubmit an application prior to completing its review if the application has not been completed to the extent that a determination of eligibility can be made.

*c. Reauthorization.* If ownership of an authorized vendor changes during the agreement period, the agreement becomes void. The new owner must file an application and be approved prior to accepting WIC food instruments. Vendor agreements are valid only for the period of time specified, and a vendor may not continue accepting food instruments past the expiration date unless a new agreement is signed. When a currently authorized vendor makes application for a subsequent agreement, an agreement shall be signed only if the vendor has been assessed less than 60 violation points under paragraph 73.19(2) "b" within the previous 24 months.

Vendors must complete a new application and sign a new WIC vendor agreement at least every three years to continue accepting WIC food instruments.

The department shall send the vendor written notice at least 30 days prior to the expiration of the agreement that it does not intend to offer the vendor a new agreement if the vendor has been assessed 60 or more violation points under paragraph 73.19(2) "b" within the last 24 months, or if any of the following conditions are in effect:

- (1) The vendor has failed to submit any of the preceding year's Price Assessment Reports by the specified dates.
- (2) The vendor has not cashed any WIC food instruments for at least two consecutive months at any time during the contract period, or has not cashed five or more WIC food instruments for any 120-day period during the contract period. A vendor will not be excluded under this provision if it is the only grocery or special purpose vendor in that ZIP code area.
- (3) Any of the selection criteria listed in 73.8(4) "a" and "b" above are no longer met.

Expiration of a WIC agreement is not subject to appeal. A vendor who is not offered a new agreement by the department has the right to file a new application. If that application is denied, the vendor has the right to appeal.

*d. Training.* Vendors shall accept training in program policies and procedures at the on-site review prior to becoming an authorized vendor and shall be responsible for training all employees who will be handling WIC food instruments. The manager and person responsible for staff training must allow time at this visit for training; the agreement will not be signed until training is completed. Vendors shall be responsible for all actions of their employees in conducting WIC transactions.

If violations of program policies and procedures are documented, either through on-site monitoring or other indirect means, the vendor shall implement a corrective action training plan developed jointly by the vendor and the department or contract agency.

- e. Validity of food instruments.* The WIC vendor shall be responsible for ensuring that:
- (1) The participant signature required on the food instrument is completed in the vendor's presence;
  - (2) The participant presents a WIC identification card prior to redeeming food instruments. A signature on the WIC identification card must match the food instrument signature;
  - (3) The type and quantity of food to be purchased is as indicated on the food instrument;
  - (4) The amount of money written onto the food instrument for repayment does not exceed the maximum amount as designated by the department and printed on the food instrument;
  - (5) The expiration date is present on the food instrument and is equal to or no later than the date of usage;

- (6) WIC food instruments are never exchanged for cash or credit;
- (7) Substitutions of foods different from those listed on the food instrument in type or amount are not made;
- (8) Food instruments are presented to the state's agent (bank) for payment within 15 days of the date of receipt;
- (9) The costs of foods purchased by WIC participants do not exceed charges to other customers for the same foods;
- (10) The vendor's authorizing number is stamped with the state-issued vendor stamp on the face of the food instrument prior to its being presented for payment.

*f. Cooperation during monitorings.* Contracted WIC vendors shall cooperate with department and contract agency staff who are present on site to monitor the store's WIC activities.

*g. Reimbursement to the program.* Vendors determined by the department to have collected more moneys than the true value of food items received shall make reimbursement to the department.

**73.8(5) Vendor monitoring.** To maintain program integrity and accountability for federal or state program funds, the department and contract agencies shall conduct ongoing monitoring of authorized vendors, both through on-site visits and through indirect means. A sample of 10 percent of currently authorized vendors receives on-site monitoring every year. Vendors that change ownership during the year, or apply during the contract period, receive an on-site visit prior to signing an agreement. The types of on-site monitoring are defined as follows:

*a.* Routine or representative monitoring is used for vendors for which there is no record of violations or complaints or other indication of problems. It may include any or all of the following: use of a food instrument or observation of a participant, educational buys, review of inventory levels, examination of redeemed WIC food instruments on hand, review of store policies on return items, and review of employee training procedures. The results of the monitoring are reviewed with the owner or manager on duty, and a follow-up letter confirming the findings is sent from the department. Routine monitoring may be performed by the department or by contract agency staff under the direction of the department. Depending on the nature and severity of violations noted, the department may schedule additional visits, initiate a compliance investigation, or apply sanctions.

Educational buy monitoring is a specialized type of routine monitoring. Department or contract agency staff attempt to use a WIC food instrument to purchase unauthorized types or brands of foods to test the level of training of store employees. At the conclusion of the transaction, the results of the buy are discussed with the store owner or manager on duty. The transaction is then voided, and the merchandise returned to the shelves. Educational buys are used on authorized vendors selected by the department. If unauthorized items are allowed to be purchased, the vendor shall agree to a corrective action training plan. A follow-up educational buy is scheduled within 30 to 90 days. A letter is sent from the department documenting the violation. By signing a WIC agreement, a vendor gives consent for educational buys by the department or contract agency. Vendors are not notified in advance that an educational buy is scheduled. The protocol for educational buys, including procedures, appropriate items to purchase, and forms to be used, is specified in the Iowa WIC Policy and Procedure Manual.

*b.* Electronic monitoring is examination of indicators tracked in the vendor computer database. It allows the analysis of data collected via computer from the contract agencies and the state's bank, from which patterns indicating compliance with or deviation from established patterns for Iowa WIC vendors emerge. Data is collected daily and reviewed on an ongoing basis. Trends identified can necessitate another type of monitoring, depending on the nature of each exception.

*c.* Compliance investigations may be used for any vendors. Compliance investigations will be conducted annually in a minimum percentage of vendors as mandated in federal regulations. A compliance investigation includes a sufficient number of compliance buys to provide evidence of program noncompliance, two compliance buys in which no program violations are found, or when an inventory audit has been completed. A compliance buy means a covert, on-site investigation in which a representative of the program poses as a participant, parent or caretaker, or proxy, transacts one or more food instruments and does not reveal during the visit that he or she is a WIC representative. Compliance buys may be performed by the department or another state agency or private company under contract

with the department. The department is responsible for identifying the vendors to be investigated and for approving the protocol to be used during the investigation. Upon completion of a compliance buy documenting program violations, the department shall issue the vendor a notice of violation points assessed unless such notification would hinder an investigation.

The department also monitors vendor performance through in-office review of information. Such information, specifically the total amount of WIC redemptions, is confidential as provided for in Iowa Code section 22.7(6). This business information could provide an advantage to competitors and would serve no public purpose if made available.

**641—73.9(135) Food package.** The authorized supplemental foods shall be prescribed for participants by a CPA in the contract agency from food packages outlined in 7 CFR 246.10 and in accordance with the following:

**73.9(1) Prescription of foods.** Food packages shall maintain a balance between cost and nutrition integrity. There are two components to this balance: (1) administrative adjustments by the department; and (2) nutrition tailoring by both the department and the CPA in the contract agencies.

*a.* Administrative adjustments include restrictions in the packaging methods, brands, sizes, types, and forms (but not quantities) of the federally allowable foods in order to establish the approved food list for the state. Administrative adjustments include decisions to eliminate more expensive brands or prohibit more costly food items allowed by regulations. Criteria for considering foods for inclusion in the approved food list are found in 73.9(3).

*b.* Nutrition tailoring includes changes or substitutions to food types, forms, and quantities in order to prescribe food packages that better meet the nutritional needs of participants. Tailoring is done to reduce quantities of foods based on nutritional needs, to accommodate participant preferences, to accommodate household conditions such as lack of refrigeration or other special needs and problems of homeless or transient participants, and to recommend or prescribe specific forms of the allowable WIC foods based upon a participant's nutritional needs or goals.

*c.* Rescinded IAB 8/4/04, effective 9/8/04.

**73.9(2) Tailoring to meet individual nutrition needs.** Food packages are individually tailored to meet the needs of specific participants according to USDA regulations and the Iowa WIC Policy and Procedure Manual.

**73.9(3) Criteria for approving products for inclusion in the WIC food package.**

*a.* A product shall meet the federal regulations governing the WIC food package.

*b.* Variety in the food package is encouraged to increase the likelihood of products being used as well as to allow participants to exercise responsibility in shopping.

*c.* Changes to the approved food list take effect on October 1 in years when new vendor contracts are signed. Inquiries from food companies about new and continuing products must be received prior to February 1 of the year vendor contracts expire to be guaranteed consideration.

*d.* Cereals shall meet federal guidelines for sugar and iron content and shall also meet the following conditions:

(1) They shall be carried by current Iowa WIC vendors.

(2) The product form and marketing approach shall be consistent with the promotion of good nutrition and education.

(3) If a group of cereals from one manufacturer have similar names and package designs and some do not qualify, the department reserves the right to not approve those types that would otherwise qualify, to reduce the potential for confusion by retail vendors and participants.

(4) Ready-to-eat cold cereals are ranked by the six major distributors to Iowa WIC vendors based on volume of total sales. Hot cereals are ranked in the same way. Multiple varieties of a single brand of cereal shall be considered as one brand for the purposes of constructing this ranking. The state office compiles data from all distributors to develop an overall ranking or ranked list. The top 16 name-brand cold cereals, the top 3 varieties of private-label (store) brand cold cereals and the top 2 hot cereals that qualify are selected.

(5) Product shall have been available in retail stores in Iowa for one year prior to the effective date of inclusion in the approved food list.

*e.* Juices shall meet the federal guidelines for vitamin C content and all of the following conditions:

(1) Juices shall be 100 percent juice and contain no added sugar, sweeteners or artificial sweeteners.

Any private-label (store) brands that meet the selection criteria will also be approved.

(3) The product form and marketing approach shall be consistent with the promotion of good nutrition and education.

If a final decision is in favor of the contract agency, benefits shall be terminated, if still being received, as soon as administratively possible after the issuance of the decision. Benefits denied during an administrative appeal period may not be awarded retroactively following a final decision in favor of a person applying for benefits.

**641—73.14(135) *State monitoring of contract agencies.*** The department shall review contract agency operations through use of reports and documents submitted, state-generated data processing reports, and on-site visits for evaluation and technical assistance.

**73.19(1) Participant violation.** Violations may be detected by contract agency staff, by vendors, or by department staff. Information obtained by the department is forwarded to the contract agency for appropriate action.

*a.* Whenever possible, the participant is counseled in person concerning the violation. Documentation is maintained according to procedures set forth in the Iowa WIC Policy and Procedure Manual.

*b.* Participants who violate program regulations are subject to sanction in accordance with the schedule below:

Violation	Points Per Event
1. Attempting to purchase unauthorized brands/types of foods (i.e., incorrect brands of cereal, juices, etc.).	3
2. Attempting to cash food instrument for more than the possible value of the foods listed.	3
3. Not signing the food instrument at the time of purchase.	3

10. Verbal abuse or harassment of WIC or vendor employees.	5
11. Threat of physical abuse of WIC or vendor employees.	10
12. Attempting to sell, return, or exchange foods for cash or credit.	10
13. Attempting to purchase unauthorized (non-WIC) foods, such as meat, canned goods, etc.	10
14. Attempting to purchase items that are not food.	10
15. Sale or exchange of WIC food instruments for cash or credit.	10

21. Physical abuse of WIC contract agency or vendor employees.	10
22. Attempting to pick up food instruments for a child that is not currently in their care.	10

c. The accumulation of 10 violation points within a 12-month period will result in a 2-month disqualification.

The accumulation of 10 additional violation points within a 12-month period following the disqualification will result in a 3-month disqualification. The participant must then reapply for the program and be scheduled for a certification.

d. Fifteen days' notice must be given prior to all disqualifications. In all cases, the participant must be informed of the reason for the disqualification and of the right to appeal the decision through the fair hearing process.

e. A disqualification generally applies to all members of a family who are on the program. The competent professional authority may waive the disqualification for one or more members of the family if it is determined that a serious health risk may result from program disqualification. The reason for this waiver must be documented in the participant's file.

f. The cashing of one or more food instruments at the same time constitutes a single violation. Participants will not be charged with a second violation for minor violations worth 5 or fewer points for subsequent food instruments cashed between the first instance and the receipt of the violation notice if the violation is the same. If a major violation greater than 5 points occurs during this period, the participant will be disqualified. Violations are cumulative.

g. When a participant improperly received benefits as a result of intentionally making a false or misleading statement, or intentionally misrepresenting, concealing, or withholding facts, the department shall collect the cash value of the improperly used food instruments. Collection of overpayment is not required when the department determines it is not cost-effective to do so.

The contract agency shall issue a Statement of Restitution along with the disqualification notice. The statement lists the serial numbers and dollar value of the food instruments for which payment is required.

The participant is required to surrender any unspent food instruments and send payment to the department in check or money order for those food instruments that have been cashed.

h. Each contract agency shall maintain a master list of all participant violation notices, disqualifications, and statements of restitution. The participant's notice of violation must also indicate when it is a second offense.

**73.19(2) Vendor violations.** There are five types of sanctions that are applied to vendors for violations of program regulations: nonpayment of food instruments, issuance of violation points, temporary disqualification, permanent disqualification, and civil money penalties.

a. Nonpayment of food instruments.

(1) As a result of prepayment reviews conducted by the state's bank, improperly completed food items are refused payment and returned to the vendor. Items screened during prepayment are authorized vendor stamp not present or legible in the "Pay to the Order of:" box on face of food instrument, missing signature, price exceeds maximum printed on face of food instrument.

(2) If the violation can be corrected by applying the authorized stamp, obtaining the proper signature, or reducing the price, the item may be resubmitted for payment. Federal banking regulations prohibit a financial instrument from being sent through the federal reserve system more than twice. If an improperly completed WIC food instrument is received by the state's bank a second time, it is voided and may not be redeposited.

b. Administrative and procedural violation points. Administrative and procedural violations are offenses to the provisions of the WIC vendor agreement that do not rise to the level of fraud against the program or its participants.

These violations are an indication of a vendor's inattention to or disregard of the requirements of a WIC vendor agreement. It is in the department's interest to record and consider these violations when considering whether to continue its contractual relationship with the vendor.

One or more transactions prior to notification of the vendor constitute only one violation if they contain the same error.

The assignment of violation points does not limit the department's right to effect stronger penalties and sanctions in cases in which there is evidence of an intentional or systematic practice of abusing or defrauding the Iowa WIC program.

Violation	Points Per Event
1. Accepting food instrument(s) outside the valid dates of use.	5
2. Depositing food instrument(s) more than 15 days after purchase date.	5
3. Accepting food instrument(s) with no date stamp.	5

20. Not allowing WIC participants to use discount coupons or promotional specials to reduce the WIC food instrument amount.	10
21. Requiring other cash purchases to redeem WIC food instruments.	15
22. Failure to allow purchase of up to the full amount of WIC foods authorized on the food instrument if such foods are available and desired by the WIC participant.	20

c. One-year disqualification. With an administrative finding of the following violations, the vendor will be disqualified for one year.

(1) Accumulation of 45 or more violation points within a single federal fiscal year of the agreement period.

(2) Allowing purchase of nonapproved and nonsimilar food items in exchange for WIC food instruments.

(3) Failure to provide access to store premises or in any manner to hinder, impede or misinform authorized WIC personnel in the act of conducting an on-site education, monitoring or investigation visit.

(4) Loss of Iowa department of inspections and appeals license.

(5) Submitting for payment a WIC food instrument redeemed by another authorized vendor.

(6) Threatening or verbally abusing WIC participants or authorized WIC program personnel in the conduct of legitimate WIC program transactions.

*d.* With an administrative finding of the following violations, the vendor will be disqualified from being a WIC vendor for three years.

(1) A pattern of charging WIC participants more than non-WIC customers or charging WIC participants more than the current shelf price.

(2) A pattern of charging for items not received by the WIC participant or for foods provided in excess of those listed on the WIC food instrument.

(3) A pattern of providing credit or nonfood items, except for alcohol, alcoholic beverages, or tobacco products, in exchange for WIC food instruments.

(4) One incidence of allowing the purchase of alcohol, alcoholic beverages, or tobacco products with a WIC food instrument.

(5) A pattern of receiving, transacting, or redeeming WIC food instruments outside authorized channels, including through unauthorized vendors or persons.

(6) A pattern of claiming reimbursement for the sale of a quantity of a specific food item which exceeds the store's documented inventory of that food item for a specified period of time.

(7) Submission for payment of WIC food instruments known by the vendor to have been lost or stolen.

*e.* With an administrative finding of the following violations, the vendor will be disqualified for six years.

(1) One incidence of buying or selling food instruments for cash (trafficking).

(2) Participating with other individuals including but not limited to WIC employees, vendors, and participants, in systematic efforts to submit false claims for reimbursement of improper WIC food instruments.

(3) One incidence of selling firearms, ammunition, explosives, or controlled substances (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)) in exchange for WIC food instruments.

*f.* With a conviction in a criminal court of law for trafficking in WIC food instruments or selling firearms, ammunition, explosives, or controlled substances (as defined in Section 102 of the Controlled Substances Act (21 U.S.C. 802)) in exchange for WIC food instruments, the vendor will be permanently disqualified from the Iowa WIC program. The department may impose a civil money penalty (CMP) in lieu of a disqualification when it determines, in its sole discretion, that:

(1) Disqualification of the vendor would result in inadequate participant access; or

(2) The vendor had, at the time of the violation, an effective policy and program in effect to prevent trafficking; and the ownership of the vendor was not aware of, did not approve of, and was not involved in the conduct of the violation.

*g.* The following items do not have a point value, but shall result in or extend a disqualification period:

(1) Failure to return WIC vendor stamp(s) to the WIC program within 10 days of effective date of disqualification, or expiration of agreement following denial of subsequent application, shall result in a 30-day extension of a disqualification period.

(2) For each month in which a vendor accepts WIC food instruments during a disqualification period, the disqualification period shall be extended by 30 days.

*h.* The above sanctions notwithstanding, the state of Iowa reserves the right to seek civil and criminal prosecution of WIC vendors for any and all instances of dealing in stolen or lost food instruments, trading cash and other inappropriate commodities for food instruments, or cases in which there exists evidence of a clear business practice to improperly obtain WIC funds, or other practices meeting the definition of fraud as defined in 7 CFR 246 or the Iowa Code.

*i.* A vendor shall not be entitled to receive any compensation for revenues lost as a result of any temporary or permanent disqualification.

*j.* A minimum of 15 days' notice is provided prior to all disqualifications, except for permanent disqualifications assessed under paragraph 73.19(2) "f," which are effective on the date of receipt of the notice of administrative action. When the department determines that an offense has occurred, a disqualification letter with supporting documentation is prepared for the WIC director's signature. The

disqualification letter identifies the specific offenses that the vendor is charged with and the procedures for filing an appeal.

*k.* The department is responsible for issuing all warning and disqualification letters. Contract agencies are informed of all vendor correspondence regarding violations. In situations where participant violations are also involved, the contract agency is responsible for follow-up, as detailed in subrule 73.19(1).

*l.* Federal food stamp regulations require automatic disqualification from the food stamp program for vendors disqualified by the WIC program for certain types of violations. When a vendor is disqualified from the WIC program, the disqualification letter to the vendor will include the following statement: "This disqualification from WIC may result in disqualification as a retailer in the food stamp program. Such disqualification may not be subject to administrative or judicial review under the food stamp program." For all vendor disqualifications from the WIC program, notice will be sent to the United States Department of Agriculture for appropriate action.

*m.* The department shall disqualify a vendor who has been disqualified from the food stamp program. The disqualification shall be for the same length of time as the food stamp program disqualification, may begin at a later date than the food stamp program disqualification, and shall not be subject to administrative or judicial review under the WIC program. If the department determines that disqualification of a vendor would result in inadequate participant access, it will impose a civil money penalty (CMP) in lieu of disqualification.

*n.* Civil money penalties.

(1) When the department determines that a civil money penalty (CMP) shall be imposed in lieu of disqualification for reasons specified under paragraph 73.19(2) "*f*" or 73.19(2) "*m*," it shall use the civil money penalty formula in accordance with Title 7 CFR Subpart 246.12(k)(1)(x) to determine the CMP.

(2) If a vendor does not pay, only partially pays, or fails to timely pay a CMP, the department will disqualify the vendor for the length of the disqualification corresponding to the violation for which the CMP was assessed. "Failure to timely pay a CMP" includes the failure to pay a CMP in accordance with an installment plan approved by the department.

(3) Money received by the state WIC agency as a result of civil money penalties or fines assessed against a vendor and any interest charged in the collection of these penalties and fines shall be considered as program income.

**641—73.20(135) Data processing.** All contract agencies shall comply with the instructions outlined in the Iowa WIC Policy and Procedure Manual for use of the automated data processing system in provision of WIC food instruments and monitoring of WIC services. **73.21(2) Reserved.**

**641—73.22(135) Caseload management.** The statewide caseload (number of participants) shall be managed by the department in accord with funding limitations and federal regulations or directives. The federally established priority categories of participant shall be followed when limitation of services is necessary in accord with 7 CFR 246.7(d)3. In addition the following rules shall apply:

**73.22(1)** A contract agency shall maintain a waiting list only when the department determines that sufficient funds are not available to meet demand.

**73.22(2)** When a waiting list has been authorized, contract agencies shall certify applicants of potential highest priority first (e.g., women and infants) and potential lower priority second (children). Within these priority groups, applicants shall be offered certification appointments in the order of placement on the list.

**73.22(3)** When insufficient funds are available to serve all priority categories, the department shall provide instructions to contract agencies regarding which priority categories may continue to be certified.

**73.22(4)** When necessitated by federal funding restrictions, the department reserves the right to terminate or temporarily suspend benefits for categories of participants prior to the end of their certification period. Each participant shall be advised in writing 15 days before the effective date of the reasons for the action and of the right to a fair hearing.

**641—73.23(135) Grant application procedures for contract agencies.** Private, nonprofit or public agencies wishing to provide WIC services shall file a letter of intent to make application to the department no later than April 1 of the competitive year. Applications shall be to administer WIC services for a specified project period, as defined in the request for proposal, with an annual continuation application. The contract period shall be from October 1 to September 30 annually. All materials submitted as part of the grant application are considered public records in accordance with Iowa Code chapter 22, after a notice of award is made by the department. Notification of the availability of funds and grant application procedures will be provided in accordance with the department rules found in 641—Chapter 176.

Contract agencies are selected on the basis of the grant applications submitted to the department. The department will consider only applications from private nonprofit or public agencies. In the case of competing applications, the contract will be awarded to the agency that scores the highest number of points in the review. Copies of review criteria are available from: Chief, Bureau of Nutrition and Health Promotion, Iowa Department of Public Health, Lucas State Office Building, Des Moines, Iowa 50319-0075, (515)281-4913.

**641—73.24(135) Participant rights.** The special supplemental nutrition program for women, infants and children shall be open to all eligible persons regardless of race, color, sex, creed, age, mental/physical handicap or national origin. An applicant or participant may appeal any decision made by the contract agency or department regarding the applicant's or participant's eligibility for the program.

These rules are intended to implement federal law 42 U.S.C. Section 1786, and Iowa Code sections 10A.202(1) "h" and 135.11(1).
